Howa Sangyo Co., Ltd.

## Opening of Shizuoka Branch

---

Howa Sangyo Co., Ltd. announces the opening of its Shizuoka Branch in Aoi Ku, Shizuoka City.

Located between the Tokyo and Chukyo metropolitan areas and well served by major highways, rail arteries and the Shinkansen bullet train route, Shizuoka Prefecture is considered an "Industrial Department Store," where a wide variety of companies are concentrated and manufacturing industries are particularly active. Furthermore, the opening of the Chubu Odan Expressway and the San-En Nanshin Expressway is anticipated to provide the area with better access to Yamanashi and Nagano prefectures, as well as areas along the Sea of Japan and the northern Kanto region, and help expand the overall economic zone.

Establishing a new branch in Shizuoka Prefecture is expected to further expand our sales channels and help strengthen our business infrastructure. We are also striving to enhance services for our existing business partners by providing more detailed business operations.
